Initial email (June 23, 2022):

Thanks for this. Based on your outline, I see a bilingual site (English/French) with **6 “static” pages**:

1. Home
2. Inside our Gut
3. About Nova
4. Our Science
5. FAQ
6. Contact Us (we can show email/number as well as have a contact form)

And **2 transactional pages** with subsections:

1. Shop
 1. Search
 2. Categories
 3. Checkout
 4. Customer Account
2. Wholesale
 1. Account creation and management
 2. Search
 3. Categories

Thanks for choosing [Les Solutions Tinz Digital](#) | info@tinz.ca

4. Checkout

Because we are no longer needing to merge two existing sites (ie, we're building the wholesale side from scratch), we save some development time. Outside of development, we would have the following costs:

- \$24/mo for gated wholesale side of site
- \$11/mo for transactional email sending
- *[OPTIONAL but recommended]* Move to AWS for hosing, \$22/mo includes fast and secure web hosting, daily backups, and transactional email sending (so remove previous \$11/mo line item)

Development cost, based on templated design:

- Server setup (incl backups, SSL, transactional email): \$430
- WordPress setup (incl themes, plugins): \$870
- Design: \$1,700
- Development: \$3,100

Summary of costs:

- **Total One-Time:** \$6,100 CAD
- **Ongoing Monthly:** \$35 - \$46 CAD
